

# FOR JAVA

```
for (int i = 0; i < 10; i++)  
    System.out.println("valor i =" + i  
//Termina el ciclo
```

```
for (int i = 0; i < 10; i++) {  
    System.out.println("valor i =" + i);  
    System.out.println("otra sentencia mas");  
}//Termina el ciclo
```
